CENTEGY INSURANCE SOLUTION

AN OVERVIEW OF THE GLOBAL IMPLEMENTATIONS

PAKISTAN

Pakistan depicts a growing general & health insurance industry where Centegy has been the leader of solution implementations across the market. Centegy has also initiated deploying portals and mobile applications for its clients to deliver more value and maintain long-term relationships.

SRI LANKA

Sri Lanka offers a vibrant array of opportunities in the general & health insurance sector where Amana Takaful is recognized as the leading Islamic insurance provider in the country. Centegy aims to expand its footprints across other general & health insurance companies in the country.

MALDIVES

Amana Takaful is considered to be a premier general & health insurance provider in the private Islamic insurance industry in Maldives. Centegy is continuously looking forward to offer unprecedented solutions to the market through its latest technological innovations across different modules & add-ons.

HELPING INSURANCE COMPANIES
ADMINISTER POLICIES THROUGH
AN INTEGRATED **JAVA PLATFORM**
WITH OVER **1,000,000** POLICIES
UNDER MANAGEMENT

It gives us immense pleasure and pride to call Centegy as our business partner. IGI being the leading insurance company of Pakistan, has always been a market leader in adopting new technologies and tools. In 1984, IGI was the first company to adopt computers as business tool and Centegy proved to be a business partner to develop its first insurance application in Pakistan. This AS400 based application was later upgraded to Sybase version GIAS and then stepped up to Java based version iGIS under the umbrella of Centegy. IGI and Centegy have been working together for decades to bring in new features and techniques to improve this application, hence bringing in knowledge and expertise since 1984.

The support and stability of application is quite advanced, with team Centegy taking proactive measures and ability to solve problems with their in-depth knowledge of insurance takes them to level ahead.

GENERAL INSURANCE & HEALTH CLIENTS

Choose The Right Partner

Choosing a solution for your business is only the beginning of an enterprise wide change. Quite apart from the system implementation, there are critical elements such as change management and risks that have to be considered and managed, as a team. Therefore, we act as much more than your system vendor and prefer to work and considered as partners. In our experience, we firmly believe that partnering is the only guaranteed route to achieving project milestones and success.

Centegy Technologies has various leading global clients and we not only provide day to day support to them but believe in sharing ideas and business acumen. We are committed to working with our clients and ensuring that your business performs exactly the way you want it to.
